

Greetings from Dr. Nuran Nabi

June 7, 2010

Mr. Bishawjit Saha

Chief Coordinator, International Bangla Festival 2010

Dear Mr. Saha,

Thank you very much for your kind invitation to attend the International Bangla Festival as a special guest.

Unfortunately, I will be out of the town to attend FOBANA conference in Los Angeles, CA from July 2-4 and miss the International Bangla Festival. Nonetheless, I congratulate and thank you for organizing such a historic event.

I am sure that the presence of so many dignitaries from both home and abroad, as mentioned in your invitation, will make the International Bangla Festival a new milestone in propagating Bengali language and culture in the international arena.

As you know, I had always supported the activities of Muktaadhara Foundation in promoting Bengali language and culture in North America, particularly during last 18 years. I definitely would have participated in this historic event, had there been no conflict of schedules.

I would like to take this opportunity to convey my best wishes to all the participants including the dignitaries, many of whom I know personally.

I wish the International Bangla Festival a great success.

With best regards,

Nuran Nabi, PhD

Councilman
